User research (technical audiences)
Prototyping & interaction design

Soft Skills

Systems thinking
Navigating ambiguity
Cross-functional leadership
Upskilling teams

Language

English
Portuguese
+ learning others

Profile

Nine years designing complex products people want to use.

Most interested in problems with no existing template, where understanding the system deeply is the only way to simplify it.

Education

MSc in Software Engineering 2024 - Present
Pontifical Catholic University of Paraná

Bachelor of Design 2017 - 2021
Pontifical Catholic University of Paraná
Honors, *summa cum laude*

Bachelor of Laws 2012 - 2017
Pontifical Catholic University of Paraná

Experience

UX Designer 2024 - Present
Staff, SonarSource

Led design for AI CodeFix and a Code Remediation Agent, two zero-to-one AI features for developers, with no established UX patterns to draw from.

UX Designer 2022 - 2024
Assist. Manager, Deloitte UK

Designed iOS apps and web platforms working embedded with engineering teams across multiple projects.

Design Mentor 2019 - 2022
Jr. Mentor, Apple Developer Academy

Scholar who later returned as a mentor. Led design critique sessions and workshops, helping students develop their design thinking and build their first products.
